NBN Provisions

What is NBN?

Better for busy households – everyone at home can be online at the same time, on multiple devices and all enjoying the same high speed. Day-to-day chores like online shopping and banking become more efficient over a fast connection. The more the merrier, when it's fast and reliable.

Provide provisions for future NBN Co. Fibre Optic requirements.

Includes:

- 2 x Phone/Data points. Locations to be confirmed, as noted on the electrical plan.
- Underground conduit from Communications pit to meter box
- Internal Conduit from meter box to inside of garage.
- Double Power Point (Garage)

LED Downlights

SmartBright DN029B Phillips LED 7.5 Watt Downlight
- 800 Lumens
- Dimmable
- 100 degree beam anglee

The Phillips SmartBright G2 downlight series provides you with flexibility to select the perfect colour temperature for your installation.
ith integrated trailing/leading edge dimming capability this affordable and easy to install fitting delivers high energy savings without compromising on light quality.

NOTE: Lighting packs include Warm White Downlights as our default set up.

Benefits:
- Select from 3 colour temperatures with the slide of a switch
- Warm White 3000K
- Cool White 4000K
- Daylight 6500K
- Trailing/leading edge dimmable for future ambiance adjustment
- Neat and professional design finish
- 3 year warranty
- Rated lifespan of 30,000 hours

Wall mounted TV conduit

The best way to conceal the cables for your wall mounted tv is install a conduit. The conduit is a plate placed behind your tv connecting a conduit to a second plate placed close to the ground. The conduit allows you to run the HDMI/TV cables behind the wall, for a clean cable free finish.

50mm Concealed Conduit for Wall Mount TV
1 x 50mm conduit run from the equipment location at 300mm AFL to the nominated tv height capped to a bullnose plate at each end with a draw string

Cat 6 Data Points
Adding a Cat 6 data point to each TV or Computer location will allow your family to easily host multiple devices on a home network —streaming, downloading and uploading content simultaneously without major lags

BRITANNICA ATLAS
